LASERS Launches Mobile Website

Baton Rouge-- Today, the Louisiana State Employees Retirement System (LASERS) is proud to announce the launch of a new mobile website for smartphone users. The mobile site mirrors LASERS main website, but allows for easier access to contact information, member information, driving directions, and office hours.

When accessing the LASERS website from a smartphone, such as an iPhone, Android, or Blackberry, the site will detect the smartphone capability and send users to the mobile version. If users wish to access the full LASERS website, a link is provided at the bottom of the home screen.

The LASERS mobile website was developed as an additional customer service tool for those members and users who are on-the-go. To see all that the mobile website has to offer, visit www.lasersonline.or from your smartphone.

For more information, contact Tonja Normand at 225.922.1131 or tnormand@lasersonline.org.
